	<p>have been 22 deaths.</p> <ul style="list-style-type: none"> • National Infant Immunization Week was 4/20-4/27/13- many observances took place. CDC encourages to keep the momentum going • EC queried 4 birthing hospitals regarding Tdap for families of newborns. MFS and CHOB have a plan in place to administer Tdap, however, at present; none of the 4 hospitals are vaccinating. Some of the issues concern the non-patient specific order and who will sign. • Dr. Mahoney sent out a letter to OB-GYN's regarding Tdap and the new recommendations for Tdap with each pregnancy. • HPV- Discussion regarding April 2013 WNY Family vaccine Article and Buffalo News article. Many local providers were upset with the distorted facts and misinformation in the article. Several threatened to pull their advertising in the magazine. A rebuttal to the article is in the May 2013 issue of WNY Family Magazine. • Discussion was generated regarding Adult immunization rates. Greg shared 3 factors noted in an article: Reimbursement, PMD's and Physician access. As a coalition, what can we do?? Some ideas were working with member services of insurers regarding accurate information and reimbursement issues and education of providers. Possibly a fast facts dealing with these specific issues. • Discussion was generated regarding the puzzle piece and if it was still accurate and if we should continue to have this piece available. • Question was posed as to where we are with vaccine rates and where are we going? Quality compass and HEDIS- can we get data? 	<p>Karen will bring the fast facts that went out a couple months ago on adult vaccines to see what issues were discussed</p> <p>Review puzzle piece at next meeting</p>
